ATSU Center for Occupational and Physical Therapy

A.T. Still University's Center for Occupational and Physical Therapy is a pro-bono clinic providing student doctors the opportunity to perform occupational and physical therapy treatments under the supervision of department faculty and staff.

Conditions We Treat

- Pediatrics and adults with developmental disabilities
- Adult neurological conditions (degenerative diseases, e.g., Parkinson's disease, multiple sclerosis)
- Stroke, brain, and spinal cord injury rehabilitation
- Vestibular and functional balance rehabilitation
- Pelvic health (female & male)
- Back pain
- Sports and activity-related injuries
- Postpartum pelvic health and care
- Rehabilitation after joint replacements
- Rehabilitation for amputees
- Hand therapy
- Adolescent orthopedics and musculoskeletal conditions across the lifespan
- Rehabilitation for performing artists
- Mental and behavioral health
